

Mirage 32 Sportfish

- *Classic Looks with High Tech Construction*
- *Unsurpassed Fuel Economy*
- *Express Boat Flexibility with Convertible Comfort*
- *Choose your Power: Volvo Diesel IPS, Outboards, Diesel Inboards or Diesel I/O*

Evoking memories of classic sportfish boats from another era...

The Mirage 32 Sportfish offers leading edge technology in both construction and power plant availability. Generous Carolina-style flare at the bow, classic tumblehome at the stern, and an open bulkhead "day boat" configuration add up to one stunning 32-foot boat. Designed with dual stations, the 32 allows the owner the option of being close to the action at the lower station, or keeping an eye on the baits from the flybridge. Comfortable mezzanine seating under the flybridge overhang for guests. Accommodations include a full enclosed head with shower, galley area, and a Queen-sized berth.

The Mirage 32's all hand-laid fiberglass construction and vacuum-bagged coring result in a tough, lightweight hull that, combined with her efficient shape, yields speed and fuel economy that is unheard of in a boat this size. All tanks are composite and integral to the hull.

All Mirage Custom Boats are marketed Factory Direct ensuring total customer satisfaction in each and every boat we deliver. Please contact Mirage for further information or to visit our manufacturing facility in Gainesville, Florida.
